The One Towelling

We welcome you to the world of terry cloth, to a new collection in a new format brochure. This year we present our organic terry collection, because sustainability is of paramount importance in 2020! The organic collection is GOTS certified and consists of towels and bathrobes in various colours and sizes. Our bamboo collection has been improved from 50% to 75% bamboo, making the articles even more durable and softer.

The kitchen collection has been expanded with matching kitchen towels for the tea towels to combine your own kitchen sets. Ideal for embroidery with logo or name, just like most of our other items. New colour in our baby/kids collection is lime.

All our products and productions are BSCI and OEKO-TEX® certified. We guarantee high quality products and fast deliveries from our own warehouse in Dordrecht, the Netherlands. The One Towelling® is constantly working to improve the quality of the terry cloth. We have invested in special Tumbler Aero 24 machines in our factory for an extra soft and full terry feeling and the removal of shrinkage.

On special request you can order articles outside of our existing collection. The possibility of custom-made articles are jacquard all-over weaving or woven in the border, relief weaving, all-over printed towels and sublimation towels.
